Selected Topics Courses

What are Selected Topics Courses?

Selected Topics courses provide you with the opportunity to study subjects not offered in the college catalog. The course codes for these courses include the numbers 280, 380, or 480. These 280/380/480 courses are offered in Spring 2018:

[HIS 280—World Wars](#)

[LIT 280—Contemporary American Literature: Broken Identities](#)

[MAT 280 A—Integrated Math I](#)

This is the first course in a two-course sequence designed to develop future teachers' conceptual understanding of mathematics. Through study of arithmetic, ratios, proportions, real numbers, algebra, and functions, students will strengthen their quantitative reasoning and logical thinking. Emphasis will be placed on problem solving and effective communication of mathematics. (3 credits)

[CRJ 380/POI 380—Preparing for Law School](#)

This course is designed specifically for upperclassmen who may have some interest in the law. Following a curriculum regularly used in the first year of law school, the course introduces students to the ideas and concepts that underlie the legal system in the United States. Drawing on basic legal doctrines and principles, the course will examine the minimal social expectations embodied in the law, and discuss the nature of individual obligation and professional accountability in society. Finally, the course will explore broader moral responsibilities by drawing upon biblical norms and values necessary for a vibrant, flourishing community.

[BIB 480—Parables of Jesus](#)

In this course, we investigate the interpretation, application, and communication of Jesus' lengthier parables in the Synoptic Gospels. Our interpretive investigation begins with a classification of the genre, a description of the Biblical context, an examination of the biblical content, and a comparison with synoptic parallels. It concludes with a formulation of the propositional teaching of the parable. In the application phase, we formulate contemporary applications, which are both valid and relevant. We will also compile a variety of ways to communicate the parables to a contemporary audience. (3 credits)

[COM 480 A—Introduction to Studio Production](#)

[COM 480 B—Professional Performance Skills](#)

[HUM 480—World Music](#)

This course is an exploration of several global cultural soundscapes from an ethnomusicological perspective, emphasizing the role of music in culture, specifically how music both reflects and affects cultural identities. The goal is to understand each tradition in terms of its ways of organizing musical sound and its place both within its own culture and in the larger story of world music. Students should develop not just knowledge about music, but knowledge of music, together with an appreciation for the different but equally valid ways in which various cultures meet the God-given human need for music. This course also views culture's use of music as a means of theological reflection and as a missiological tool. (3 credits)

[ICS 480—Christian Engagement with Muslims](#)

This course, presented through The Lilius Trotter Center, will provide students with the historical, theological, missiological and practical understanding needed to sensitively befriend Muslims. The first half of the course sets the stage by surveying the history of Christian encounter and engagement with Islam and with Muslims, and then introducing the variety of ways that Muslims actually experience their faith in their daily lives. Then, against a backdrop of a survey of contemporary global approaches to ministry among Muslims, students will begin to develop their own theology of world religions and formulate their own informed Christian understanding of Islam and Muslims. This course will equip students to both assess a wide variety of Christian approaches to Muslims and to Islam, and to thoughtfully engage in personal and corporate ministry to Muslims.

[LAN 480—Grammar for Language Teachers](#)

This course addresses foundational concepts and terminology used to describe English Grammar. Students will explore the current role and methods of grammar instruction within a variety of second and foreign language contexts. Students will develop skills in diagnosing and correcting language-learner errors. (3 credits)

[PCN480 A—Structured Family Systems](#)

This course will present students with an introduction to Structural Family Therapy, and examine the theory and practical interventions of Structural Family Therapy. Understanding application of structural family therapy interventions from a biblical perspective will provide a foundation for understanding and supporting healthy family relational changes. The class will incorporate case studies, ethical issues and core social work values for helping families. (1 credit)

[PCN 480 B—Sandtray Therapy](#)

This course presents students with an introduction to the history, development, and use of Sandtray Therapy. The course will actively engage students in the benefits, use of, and processing of Sandtray Therapy. Students will be able to create and develop their own sandtray for future use with client. (1 credit)

[SCI 480—Forensics](#)

[THE 480 A—Theology of Competition & Sport](#)

This course will examine the scriptural principles that influence competition in normal life and in sport specifically. Students will participate in "lab" sessions to discover biblical principles of competition. The course is designed to examine scripture to develop a sound theology and philosophy of competition and sport. (3 credits)

[THE 480 B—Theology of Suffering](#)

Students preparing to minister in a fallen world need a solid theological understanding of the causes and consequences of personal suffering. This course is designed to surface the reality and scope of human suffering in the world, particularly as a result of illness, poverty, and individual and corporate evil, and to explore and evaluate various responses to this reality. Key biblical passages on sin, suffering, and evil are studied using exegetical techniques and are synthesized to develop an evangelical biblical theology of suffering. Finally, conclusions concerning the meaning and proper response to suffering based on this theological foundation are compared to classic Christian perspectives and current Christian and secular approaches. (3 credits)

[THE 480 C—Christian Political Engagement](#)

Since Jesus' proclamation that "the Kingdom of God is at hand," Christians have had to consider their relation as citizens of that kingdom to the kingdoms of this world. The American experiment in representative democracy makes this issue particularly pertinent to American Christians. In recent decades, disagreements over the relationship between American politics and Christianity have inspired various groups, Christian and secular alike, to rethink the traditional models. This class will read relevant texts related to ancient and contemporary thinking about theological and practical aspects of the issue and travel to Washington, DC, to participate in the National Association of Evangelical's Christian Student Leadership Conference. Students will listen to social and political leaders discuss key issues and policies that relate to Christian thought and culture, and will engage in seminar-style discussions of the various perspectives they encounter in their reading and conference sessions. (3 credits)

[THE 480 D—Reformation Theology](#)

[THE 480 F—Creativity by Design](#)

A study of how human creativity reflects God's creativity, this course explores a theologically-based design model to better understand the principles that govern the creative process and our unique role as image-bearers of the Creator. Both individual and team-based creativity are considered for application in home, marketplace, and ministry environments. (3 credits)

[THE 480 F—Advanced Issues in Systematic Theology](#)

****Registration will open at 8:00 AM.****

Follow the instructions on the following page to register online.

What do I need to do to register? (cont'd)

Step 1

- Go to the "My Community" link found under the "Gateways for Students" on the lbc.edu home page. *NOTE: (You will need to use Microsoft® Internet Explorer® or Google Chrome® and NOT Mozilla Firefox®.) This will take you to the online student information system page.
- Use your LBC student login and password.
- Once logged in you will see your information at the top right hand corner. If you have problems logging into the system, please contact the Registrar's Office.

Step 2

- From your information page, click on the "Academics" link on the left hand side of the page.
- Click the "Online Registration" link. This will allow you to begin the registration process, as long as all holds are removed and it is your assigned time to register.
- On the bottom of the page are two links: "Begin Online Registration" and "View Online Registration Tutorial." If this is your first time using online registration, go through the tutorial to help you with the registration process. Once you are done the tutorial, close the tutorial window and go to online registration using the "Begin Online Registration" link. Again, a separate window will open.

Step 3

- Once the window opens you may search for the courses your advisor has approved. Remember to select "All Courses" when searching for the course you want to register for.
- Once you find the approved courses you may add them to the selected courses list.
- ***You can also add the courses directly to the selected courses list by typing in the course number and section in the "Quick Add" text box found on the bottom left hand corner of the screen.***
- Once you have selected all your approved courses, you may now register for these courses by clicking on the "Register Courses" button found on the bottom right hand corner of the web page.

**Note: If you are not able to find a course that your advisor has approved in the course listings of the online registration module, the course is closed. Finish registering for the remaining courses by following the rest of the directions below. You must go back to your advisor to have another course approved for registration. Your advisor will approve a new course and you may return to online registration and add the course.*

If you would like to add or drop a course after January 15, 2018, you must have your advisor sign an add/drop form, and return that form to the Solution Center in Esbenshade.

Step 4

- You will now see a list of the courses you have selected. Please take a moment to verify that you have the correct courses and sections of courses that your advisor has approved.
- Once you have verified that the courses are correct you may now finalize your registration by clicking the button "**Register/Drop Courses Above.**"
- This will take you to a new screen that shows the courses you have registered for. You will notice that the courses now have a status of "**Registered.**" (Previous screens the course status read "Selected.")
- You are now registered for these courses and can now print your schedule.

What do I need to do to register? (continued)

Step 5

By registering online, you are agreeing to abide by all regulations contained in the Student Handbook and in other college publications. See Student Services for your housing assignment. You will need a printed copy of your schedule to serve as confirmation of your registration to proceed with this step.

Step 6

Still have questions about registration? Please stop by the Registrar's Office—we would be glad to help you out!

Late Registration

Late registration runs from January 5—January 22, 2018. Late registration is not recommended due to a limited selection, class cuts and a \$150 late registration fee.

Undergraduate Education

What is FERPA?

The Family Educational Rights and Privacy Act (FERPA) affords you, the student, certain rights with respect to your educational record once you are admitted as a student to the college.

What are my rights under FERPA?

As a college student you have four rights under FERPA: (Forms to exercise rights #1-3 are available in the Registrar's Office.)

- 1 To inspect and review your educational record within 45 days of your request.
- 2 To request amendment of your educational record.
- 3 To have some control over the disclosure of personally identifiable information from your educational record, except in the areas that FERPA authorizes disclosure without student consent.
- 4 To file a complaint with the U.S. Department of Education concerning alleged failures by the college to comply with the requirements of FERPA.

What documents are included in my educational record?

Student educational records are specifically defined as all paper and computer records, files, documents, and other materials that contain information directly related to you, the student, and maintained by LBC or someone acting for the college according to policy. Excluded from student educational records are records of instructional, supervisory, and administrative personnel in the sole possession of the maker and that are not accessible or revealed to any other person, except a substitute. Additionally, notes of a professor or staff member intended for his/her own use are not part of the educational record, nor are campus security records, parents' financial statements, application records of students not admitted to the college, alumni records, or records of physicians, psychiatrists, psychologists, or other recognized professionals.

Educational records are maintained by, but are not limited to the following offices, departments, and/or individuals: Registrar's Office, Financial Aid Office, Business Office, Student Services Department, Adult Learner Services Office, Graduate School Office, and Academic Advisors.

What is Directory Information?

Some information about students is considered "Directory Information." Directory Information may be publicly shared by the institution without student consent unless the student has taken formal action to restrict its release. "Directory Information" at LBC includes: Name, Address (current, local, home, and electronic mail), Telephone number (current, local, and home), Date of birth, Parent/Spouse contact information (address and phone number), Photo, Major/Program, Weight and height (athletic teams), Date(s) of attendance, Enrollment status (full-time, part-time, not enrolled), Date(s) of graduation, Degrees and awards received, and Participation in officially recognized activities and sports.

Can I control the release of Directory Information?

Yes, you can restrict the public release of Directory Information by completing a form available in the Registrar's Office. You should carefully consider imposing a restriction on the Directory Information. The limits of the college's student information system make it an all or nothing option. For example, your friends would not be able to obtain your directory information nor would the college be able to use it in graduation programs and news releases. This restriction should be reserved for extreme circumstances or on the advice of a legal or medical professional.

Who and under what circumstances can someone access my educational record?

According to FERPA regulations, no one has access to your educational record (other than directory information) without your written permission, except: (1) a school official (defined as: administrators, faculty, professional staff, staff, student workers, and students serving on official college committees) who has a legitimate education interest (defined as: the information or records requested are relevant and necessary to the accomplishment of some task or determination related to the inquirer's employment responsibilities/committee responsibilities or are acting within the course and scope of their employment and/or authority). (2) a parent or guardian who presents a certified copy of the most recent federal income tax form that reports you as a dependent. Other, less common individuals who may access your educational record without your consent include: (3) authorized representatives of accrediting agencies, as well as federal, state, and local government offices, persons or organizations providing financial aid to a student, (4) persons in compliance with a judicial order or subpoena, (5) persons in an emergency if the protected information is needed to protect the safety of the student or other persons, (6) parents regarding the student's violation of any federal, state, or local law, or any college policy or rule governing the use of alcohol or a controlled substance as long as the institution has determined that there has been a violation and the student is under the age of 21 at the time of disclosure, (7) the victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense (limited to the final results of the disciplinary proceeding conducted by the college), and (8) the public in relation to a determined crime of violence or non-forcible sex offense that violates college policy or rule (disclosure limited to the student's name, the violation, and any sanctions imposed by the institution against the student).

Am I required to use my social security number as a personal identifier?

A Federal court ruling upheld the use of the social security number as a personal identifier for administrative purposes in higher education. We protect the privacy of the social security number as required by FERPA. However, you may request (form available in the Registrar's Office) the assignment of an alternate identification number. Effective January 2002, any new students admitted to LBC will no longer have a social security number as a personal identifier for administrative LBC purposes.

Which College Officer is responsible for administering the FERPA guidelines?

The Office of the Registrar is responsible for the institutional compliance with the FERPA guidelines and maintenance and release of the educational record. Questions, interpretations, further explanations, or concerns about FERPA and the college's FERPA policy are to be directed to the Registrar.

How do I file a complaint with the U.S. Department of Education?

Complaints are to be filed with the:
Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, DC 20202-4605
